

A Fiji Bibliography

(including Rotuma and Rabi)

© 2016 Roderick Ewins PhD
Last updated Oct 2017

This list of over 4,500 entries is built on the base of my research bibliography developed over 40 years. I make no claim that it contains everything written concerning Fiji—such a task must rest with tools like Google and Ecosia.

This should be used in conjunction with the Contents Lists for the Fijian Society and Domodomo, as well as the Fiji Tourism bibliography, all on this website. They contain references not in this bibliography.

I am happy to receive suggestions about important works (particularly books) that have been omitted. Please [contact](#) me with details.

This work is copyright and as an entity it **MAY NOT BE PUBLISHED ELSEWHERE** in any form without explicit written permission from Rod Ewins.
